

My family and many of my friends greatly enjoy Air1, KLove and KLJC (88.5) which are broadcast in the Kansas Area. These stations are each listener supported. If they were forced to incur higher operational cost we could very easily lose them. This would be a great loss to listeners like myself who have difficulty finding positive and clean broadcasting that reflects our values. PLEASE, PLEASE KEEP FREE SPEECH FREE.

Sincerely,
Dawn and Ulises Acosta, and our family and friends
